

Tesco Controls Inc.

EMASS : Extended Maintenance and System Services

TESCO EMASS offers an array of low cost high value support and professional services designed to help you achieve your business objectives, reduce or contain your operating and service costs, and keep your systems running at peak performance. With TESCO EMASS you will be forming a partnership with a company that knows your systems, understands your business and can help you maintain or exceed the reliability and efficiency you require.

With TESCO EMASS, you can choose any or all of our service offerings to create a customized support service program that meets your specific operational needs and budgetary requirements.

And, with TESCO EMASS experts on hand to help you assess immediate concerns and predict future performance, you can increase the productivity of your own staff, focus your resources on accomplishing key business objectives, and reduce your corporate liability with TESCO providing your maintenance services.

Services performed by EMASS
