## JOB PROFILE

CACHE CREEK AND THUNDER VALLEY CASINOS  
SACRAMENTO, CALIFORNIA

TESCO integrated five PLCs with a Wonderware SCADA system at each plant, including hot-standby InTouch servers, an industrial SQL server and a separate InTouch Terminal Server providing thin client access to authorized users for monitoring purposes.

Thunder Valley and Cache Creek were fast track projects completed ahead of schedule and within budget.

### About Tesco Controls

Headquartered in Sacramento, CA, since 1972, Tesco Controls, Inc. is America's leading water and wastewater system integrator and control system manufacturer.

Tesco Controls' SCADA systems allow municipal water/wastewater and irrigation districts to monitor and control treatment plants, water distribution systems, and wastewater collection systems.

## **JOB PROFILE: CACHE CREEK AND THUNDER VALLEY CASINOS**

Our SCADA system installations, now over 300 systems nationwide, are in operation throughout California, as well as in Washington, Nevada, New Mexico, Colorado, Louisiana, Alabama, and Florida. These systems consist of multiple Programmable Logic Controllers (PLCs) that communicate between central sites and various remote sites over telephone lines, fiber optics, radio links, or dedicated cable television. Our redundant, open architecture SCADA software and hardware systems feature multi-user, multi-tasking, real time graphic user interfaces with report capability, designed specifically around the demanding needs of the water/wastewater industry.

To date, our installed base of products and control systems is in excess of \$300 million.
