PRESS RELEASE

Tesco Controls, Inc. receives GSA Multiple Award Schedule Contract

June 10, 2011

Tesco is very proud and excited to announce that effective 6/1/11 we have received a federal GSA Multiple Award Schedule Contract #GS-07F-0513X under schedule 56, which includes electrical control panels, utility metered service pedestals, battery backup systems (for traffic intersection signal controllers), and field mounted level/pressure instrumentation.

This lengthy qualification process of our company by the federal government was based upon rigorous research which considered Tesco's financial stability, experience with government contracts and third party independent customer performance ratings.

56
Schedule
Contract GS-07F-0513X

This contract will allow for direct sales to the federal government and may simplify direct purchases of Tesco products and services by city, county and state agencies.

If you have any questions or comments, please call Andy Brown @ 1-916-395-8800.
